My Rainbow Garden

I have a Rainbow Garden
For inside of it you'll see
Every color you would find in
What a rainbow ought to be

The blue is for Forget-me-knots
 Yellow for Daffodils
Red is for my gladiolas
My flowers are such a thrill

Green creates the many leaves
Of my Rainbow Garden too
 I get such peacefulness
I would love to show it to you

My roses, oh I have many
My palette of color shades
 I must enjoy them daily
For the time for them will fade

So if you're feeling weary
And you don't know what to do
 Plant flowers of all colors
And have a Rainbow Garden too!
